PROMOTING COMMUNITY COHESION

Are you interested in an Exchange visit to another community group or faith-based organisation?

COEMO, as part of the Community Cascade Programme, is supporting faith-based networks and community anchors (Churches, Mosques, Synagogues, Community Centre and other faith Centres) to increase Community Cohesion amongst their communities.

Various activities, such as workshops, one-to-one support, exchange visits between diverse community groups and website support will be provided to increase community cohesion across West Yorkshire.

If you require any further information or would like support in developing your network or community anchor then please get in touch now.
