

Monday 13th September 2010 Community Cascade - First Step to Sustainability - E-learning training

This on-line course is being offered for free through Community Cascade, a Big lottery funded project which is aimed at community centres and community networks.

This on-line course will look at a diverse range of funding sources from grants to contracts, from individual giving to trading and considers the pro's and cons of each. It also looks at how groups can effectively plan to become more sustainable.

The session is aimed at groups who presently mainly rely on grant funding.

The course has been designed so that participants can access the materials and complete the work in their own time, providing flexibility to busy workers.

Participants must have access to a computer and the internet and will need to commit a total of 4 hours over two weeks (2 hours per week)

Course start date: 13th September 2010

Course end date: 24th September 2010

Booking contact: Mary Vadaie at VA-C on 01422 348777

E-mail: mary.vadaie@cvac.org.uk

This course is run by Fit4Funding
