

## East Midlands

(Derbyshire, Leicestershire, Lincolnshire, Northamptonshire, Nottinghamshire)

This regional information includes regional offices of funding bodies, government and agencies. They all have a role which involves the Voluntary and Community Sector. Some offer direct funding. Some act as a coordinating body for provision of regional and local services. Some merely offer help and advice to those providing services. Not all of these will offer funding at any particular time.

There are regional pages for each England region. Where possible regional information is given on each of these pages. Where regional information is complex links are given to websites which can provide information and contacts relevant to your area.

### Help and advice in your region

#### Local Infrastructure Organisation (LIO)

LIOs (Council for Voluntary Service, Voluntary Action, Community Action) give help and support to the Voluntary and Community Sector in local areas of the UK. Most areas are covered by their services. The level of service each LIO offers varies but they will be able to either help you themselves with local funding advice or direct you to services in your area that can help you.

To contact your local LIO go to the NAVCA website <http://www.navca.org.uk/liodir/> to find their details. Your local LIO or Council will be able to tell you how you can find out about grants from local trusts, your local council and other local sources.

### Sources of funding

Below are details of regional funding including Regional Government agencies, Lottery and other National Funder's Regional Offices as well as funders based in the Region.

#### Rural Community Councils

Rural Community Councils (RCCs) are county based charities working to improve the quality of life of local communities and particularly disadvantaged people in rural England. The Countryside Agency funds each RCC to provide direct support and advice to rural communities and organisations.

The Countryside Agency provides funding to each RCC through an annual service level agreement. With this support, RCCs can offer rural communities:

- sources of local funding and advice on how to put together funding bids, including how to bid for Countryside Agency grant programmes such as Vital Villages, Doorstep Greens and the Local Heritage Initiative
- support and advice for village hall committees
- their expertise and practical support to develop community capacity
- help to strengthen parish councils
- share good practice about what other local community successes and activities

## Community Foundations

Community Foundations are charitable trusts that support local community causes. Their role is to manage donor funds and build endowment as well as make grants to charities and community groups, linking local donors with local needs. Created by and for local people they help donors express their long-term interest in an area and its needs. Community foundations have been active in the UK since the 1980s and a rapidly growing network of approximately 60 foundations is now established across the country. About 90% of the UK population has access to a community foundation.
