

South East

(Berkshire, Buckinghamshire, Hampshire, Isle of Wight, Kent, Oxfordshire, East and West Sussex, Surrey)

This regional information includes regional offices of funding bodies, government and agencies. They all have a role which involves the Voluntary and Community Sector. Some offer direct funding. Some act as a coordinating body for provision of regional and local services. Some merely offer help and advice to those providing services. Not all of these will offer funding at any particular time.

There are regional pages for each England region. Where possible regional information is given on each of these pages. Where regional information is complex links are given to websites which can provide information and contacts relevant to your area.

Help and advice in your region

Local Infrastructure Organisation (LIO)

LIOs (Council for Voluntary Service, Voluntary Action, Community Action) give help and support to the Voluntary and Community Sector in local areas of the UK. Most areas are covered by their services. The level of service each LIO offers varies but they will be able to either help you themselves with local funding advice or direct you to services in your area that can help you.

To contact your local LIO go to the NAVCA website <http://www.navca.org.uk/liodir/> to find their details. Your local LIO or Council will be able to tell you how you can find out about grants from local trusts, your local council and other local sources.

Sources of funding

Below are details of regional funding including Regional Government agencies, Lottery and other National Funder's Regional Offices as well as funders based in the Region.

Rural Community Councils

Rural Community Councils (RCCs) are county based charities working to improve the quality of life of local communities and particularly disadvantaged people in rural England. The Countryside Agency funds each RCC to provide direct support and advice to rural communities and organisations. The Countryside Agency provides funding to each RCC through an annual service level agreement. With this support, RCCs can offer rural communities:

- sources of local funding and advice on how to put together funding bids, including how to bid for Countryside Agency grant programmes such as Vital Villages, Doorstep Greens and the Local Heritage Initiative
- support and advice for village hall committees
- their expertise and practical support to develop community capacity
- help to strengthen parish councils
- share good practice about what other local community successes and activities

Community Foundations

Community Foundations are charitable trusts that support local community causes. Their role is to manage donor funds and build endowment as well as make grants to charities and community groups, linking local donors with local needs. Created by and for local people they help donors express their long-term interest in an area and its needs. Community foundations have been active in the UK since the 1980s and a rapidly growing network of approximately 60 foundations is now established across the country. About 90% of the UK population has access to a community foundation.

You can find the Local Authority for your area at Website: www.direct.gov.uk/DI1/Directories/LocalCouncils/fs/en

PAs work in a range of settings including schools, colleges, one-stop shops community centres and on an out-reach basis.

The programme aims to identify at an early stage children and young people at risk of social exclusion, and make sure they receive the help and support they need to achieve their potential.

The Children's Fund provides a responsive approach to developing services that address the difficulties faced by some children and their families. Skills Funding Agency

The Skills Funding Agency (SFA) is one of two successor organisations that will emerge from the closure of the Learning and Skills Council (England's largest Non-departmental public body or quango).

The Skills Funding Agency, established in law by the Apprenticeships, Skills, Children and Learning Act 2009 will work alongside the Young People's Learning Agency (YPLA) and Regional Development Agencies (RDAs). The YPLA will be created as a nondepartmental public body, with a non-executive Board, sponsored by the Department for Children, Schools and Families. The Skills Funding Agency will be an agency of the Department for Business, Innovation and Skills.

The Learning and Skills Council hands over its responsibilities from 1 April 2010.

Primary Care Trusts (PCTs)

The main function of a PCT is to provide health services locally by integrating primary, secondary and community health services and social services.

PCTs commission general and acute services, invest in primary and community care and work to improve the health of the local population in partnership with local borough councils and others.

Trusts hold contracts with Personal Medical Services, (PMS), providers to provide a wide range of primary and community services to the general public.

To find your local PCT look at website: <http://pctdirectory.com/> and for more information use the National Health Service website: <http://www.nhs.uk/service directories/Pages/PrimaryCareTrustListing.aspx>

Local Education Authorities (LEAs)

Local Education Authorities oversee education services in Local Authority areas. There is a trend for services to schools and colleges to become their own responsibility. Funding for these is more often being directed through schools and colleges themselves. If you wish to provide a service related to education you may have to negotiate that with each school or college.

Schools and colleges will be listed on your local authority Website (see above).

You can find details of your LEA at Website: http://www.dcsf.gov.uk/everychildmatters/_contacts/

Awards For All (changed arrangements from April 2009)

The BIG Lottery Fund launched its own new version of the highly popular Awards for All small grants scheme in England and Wales from 1st April 2009. BIG's Awards for All programme is the Fund's biggest-ever commitment to a small grant scheme supporting community projects, offering a more easily accessible programme with even quicker decision times.

A total of £45 million is available in England offering Big Lottery Fund grants of between £300 to £10,000 to grassroots groups in the community and voluntary sector, health bodies, schools and parish or town councils. In Wales grants of between £500 and £5,000 are available with a total of £2.4 million available.

The programme aims to make a difference to communities and the lives of those most in need and will focus on social and environmental projects that benefit local communities.

The new easy-to-use application form, can be downloaded, filled in and emailed direct to the Big Lottery Fund as well as being available in hard copy.

The Big Lottery Fund's Awards for All programme will build on the features that made the previous scheme so popular. A simpler application process and a maximum turnaround time of six weeks for a decision are among the changes to the programme which will make it much easier for applicants to successfully apply for small pots of funding that can have such a big impact on local communities and lives.

The other Lottery awarding bodies will now operate their own small grants schemes for England and Wales.
